

Local Census Starts January 13

A knock at your door after January 13, may well be the Placentia Census taker there to collect information from you, the city advises this week.

With still a serious shortage of enumerators, around 20 to 30 more are needed, the city is ready to begin the ambitious door-to-door mid-decade census on January 13.

The census effort is county-wide and will involve ten questions. The first five are unique to Placentia, and the second five will be asked county-wide, Mrs. Joyce Rosenthal, planner for the city explains.

The questions to be asked are:

1. What is the occupation of the head of household?

2. In what area does the head of household work?
3. How many years have you lived in Placentia?

4. How many years of school has the head of household completed?
5. Except for food, where do you do most of your shopping?

6. What is the ethnic origin or descent of the head of household?
7. How many rooms do you have in your living quarters?

8. Do you own or rent your living quarters? If owned, what is your monthly payment?
9. If you rent, what is your monthly contract rent?

10. What was your family's total income for the previous year?

In addition, the age, sex and labor force status of each member of the household will be tabulated, Mrs. Rosenthal advises.

Mrs. Rosenthal explains that the wide range of data in the census is necessary for economic analysis, land planning, determining community problems, planning schools and projecting future pupil populations.

"However, many people are reluctant to give information because they feel their right of privacy will be violated," Mrs. Rosenthal continued, "so the following basic guidelines have been set for the Special 1976 Census."

Guidelines Set

The three criteria are:

1. No data shall be published which in any way would permit the release of information about an individual respondent or household.

2. No completed response card or form identified by name or address may be seen by anyone but duly appointed census personnel.

3. Individual information may not be used for taxation, regulation or investigation.

"There will be many safeguards used to protect the confidentiality of the information collected both while the census is in progress and while

the reports are being prepared," Mrs. Rosenthal stated. "For specific details, please contact the Planning Division at the Civic Center, at 993-8124."

For further clarification, Mrs. Rosenthal added a list of uses that will be made of the Special Census information collected:

1. Name: Used only while field work is in progress and used only by census workers. Names are never included in data given to the city.

2. Age: Helps determine the division of population within the city and is useful for planning programs in health and education.

3. Labor Force Participation:

Measures level of employment in city and is used to develop manpower training and education programs.

4. Place of work: Determines what level of commuting and useful in transportation planning.

5. Years in Placentia: Gives information on stability of population and migration.

6. Years of School Completed: Indicates educational level of the population and helps determine the need for additional educational programs.

7. Number of rooms: Provides a measure of crowding which helps determine how much additional

PROMISES, PROMISES

That malady that hits this community once every year is on us again and it's more contagious than flu, but much less harmful.

There is rarely one among us who hasn't succumbed to it at least once and it may particularly infect the young, who always have that endless, bounding energy to try everything at least once.

But it's not confined to one age group. Everyone sometime or other has made a New Year's Resolution.

Tabulations at the end of the year are seldom kept, however, for obvious reasons, as most of us by that time have not only forgotten the entire subject, but couldn't for the life of us recall what it was that we resolved to do...or not to do.

But hope springs eternal and January 1 is as good a time as any to take inventory.

A scattered, unscientific sampling of the Placentia population as to the promises they are making to themselves, brought forth, for the most part, either lackadaisical indifference or dead seriousness. Few viewed the project with merriment.

One that showed style was that of Jean Pappas, a member of the Placentia Unified School Board of Trustees. Mrs. Pappas has resolved to be younger this year.

Dr. William Yates, president of the same board of trustees, took a pragmatic approach and resolved not to make any resolves. "That way I can't break them."

Steve March, the man who was responsible for a Little League being in the city of Placentia has given up the resolution practice completely. "I don't have any bad habits. So why make resolutions?" he philosophizes.

Mary Reid, a mother and housewife, can't remember last year's. "I'm going to enjoy this year. I make resolutions every year and it just doesn't help!"

Two Fire Captains at Placentia Station #34, engulfed in an unprecedented fire season, are taking a serious look at 1976. Captain Michael Fechner will try to get out of debt and Capt. Dave Buck hopes "to be more tolerant of my fellow human beings."

Councilman George De Jesus hopes "to spend a little more time with my family."

Housewife Daphne Erikson would like to lose weight, attributable to too much Christmas fudge.

Resolving away weight is a popular year opening activity and Lee Sale, the city's Personnel Director, would be happy to give away 20 pounds.

Mayor Robert Lyons: "15 pounds."

Councilman George De Jesus: "Try to be healthy."

Mayor Pro Tem Michael Callahan: "Eat less, have better health and live life slower; enjoy life more."

Maxine Marolda, housewife and active in Lend A Hand: "Stop smoking."

Zoe Long, housewife, president of the Placentia Golden Homeowners Association: "Be more productive with my time and talk less on the phone."

CARS on the outside and customers on the inside, await their turn in line. It's the great stamp run as a postage rate increase made everybody's stamps quickly obsolete. Below, the line waits with varying degrees of patience.

If You Can't Lick 'em--Join 'em

Everybody in the city of Placentia...egged on a little by the federal government, seemed to have reached the same decision at the same time. To buy postage stamps.

In an unprecedented buying spree, Placentia citizens filled the city's post office parking lot and parked their cars up Kraemer Boulevard to Yorba Linda Boulevard.

And inside things were just as congested.

Postmaster Al Lopas, surveying the stamp run, which began about a week ago, said he had never seen anything like it.

"It was bad the last time postage went up," he recalled this week. "But nothing like this."

It even made the Christmas rush look placid.

To add further confusion to the scene, both of the post-office's stamp machines were temporarily out of order. One with a bent coin; the other with a slug. The large one had to be removed from the lobby for major repairs, but was back in the corner again Monday.

The postmaster reports the biggest item is the sale of three cent stamps. The post office in a week has sold 95,000 of them.

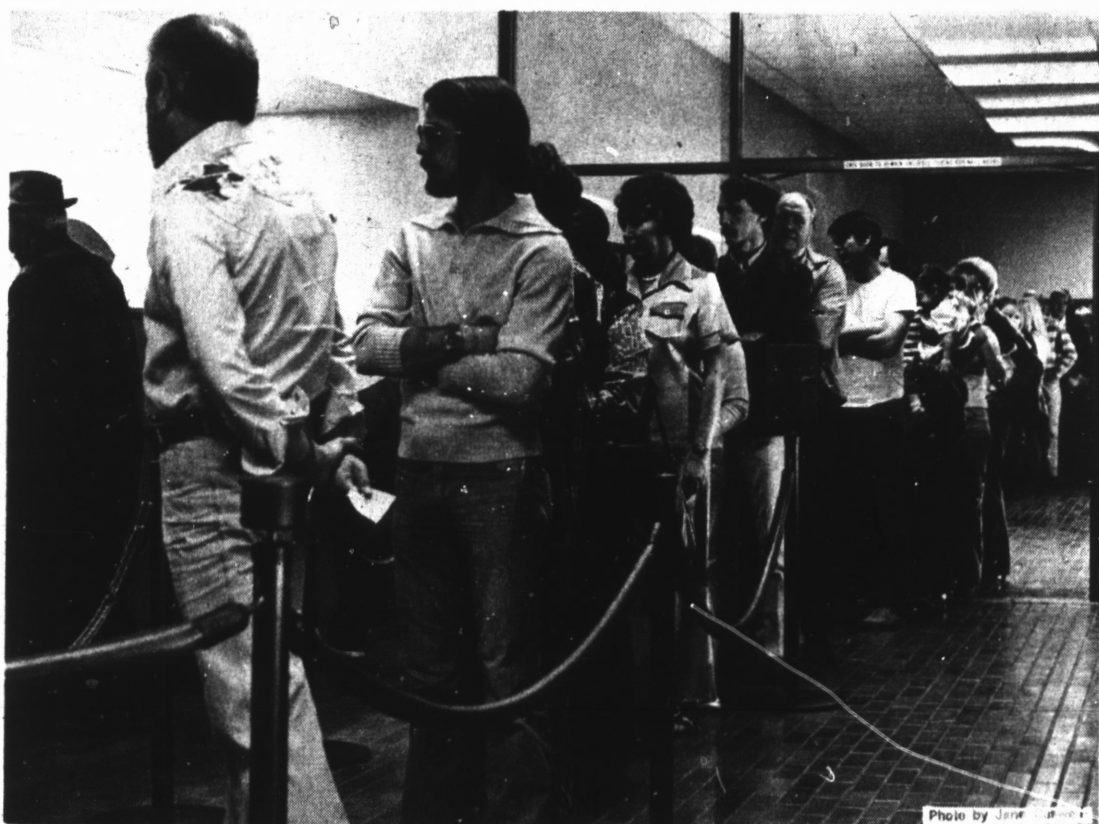

Thirteen cent stamps are going well too. About 44,000 of those. And for some reason there is also a large demand for one cent stamps. Around 40,000.

Lopas has no guess as to how long

the demand will last, but says that the postoffice is in no danger of running out of stamps. "We will have lots of them," he stated.

For customers who have fresh memories of the Christmas rush and are unenthused about fighting the battle of the parking lot and the line at the back of the room, Lopas suggests that anyone having a supply of old thirteen cent air mail stamps, can put them to good use now.

"They'll work just fine," Lopas promises. "Practically everything flies anyway," he explains. "They'll do just as well as the new thirteen cent issue."

Town Center Development

Whether the city of Placentia will endorse a Pop Shop, Burger King, Red Lobster Restaurant and R and B Furniture Store on two of the open corners of the Town Center District at the intersection of Kraemer and Yorba Linda Boulevards, will be subject for future discussion, the city council indicated last Tuesday night.

Request for some indication has come from Ranney Draper, president of Diversified Shopping

Centers, developers of the four commercial corners at the major crossroads.

The proposals are expected to be heard in a study session the city council has scheduled for Monday, January 12, in the Administrative Conference Room at City Hall.

The discussion would precede a scheduled meeting of the City Council and the city's Recreation and Parks Commission scheduled for 7:30 p.m. to discuss the latter's

athletic facilities report.

Other items to be discussed concerning the development of Town Center II on the northwest section of the corners, will probably come up to council after a planning commission decision. Among them are a modification and upgrading for signing for the new development and a clarification as to whether an optometrist or dentist would be a suitable tenant in the commercial development.

Water Company Seeks Boost

The Southern California Water Company, which services the Placentia and Yorba Linda areas, is seeking an immediate rate increase of 20.1 per cent with additional annual increases of 2.8 per cent in each of the years of 1976, 1977, 1978 and 1979.

The application for the increase is

being made by the utility company to the Public Utilities Commission of the State of California.

The information was expected to be received and filed by the Placentia City Council Tuesday night.

Water is the one utility that does not bear a 5 per cent utility tax

imposed by Placentia for use in its capital improvements.

The increase, if received, would be applicable to all or portions of the cities of Cypress, Garden Grove, La Palma, Los Alamitos, Placentia, Santa Ana, Seal Beach, Stanton and Yorba Linda and vicinity, Orange County.

Worst Fire Season Brings Tragedy

A tragic week in fire loss has seen three Placentia residents lose their lives in conflagrations and a fire damage of \$145,000 in three fires alone, as the worst dry season since 1962 continues here without any sign of relief.

The lack of normal precipitation may be adding to the tragedy, as local firemen from the California Division of forestry have seen fire calls in Placentia increase 40 per cent over last year with 129 responses to different fire scenes during their first month of service in this city.

The county men, at the beginning of December, replaced Placentia's local fire department.

Capt. David Buck, stationed in Placentia, Battalion Public Information Officer, this week pointed out the seriousness of the situation as rains refused to come and the official fire season is being continued into a prolonged period unmatched in the past 13 years.

The situation is considered extremely dangerous.

With the high rate of responses to fire by the Orange County Fire Department's first month in the local stations, Capt. Buck predicts local activity will run a high 1,500 calls a year.

Last week's tragic fire loss included three major home fires here, in one of which Miss Irene M. Tortello lost her life. The condominium in which she lived at 223 Doverfield Drive, just south of Placentia's Town Center, caught fire Thursday night around 9:30 p.m.

Firemen pulled her from the two story condominium where she had been sleeping upstairs and the paramedics revived her but she remained comatose until her death 12 hours later and was unable to make a statement. She was severely burned and was stricken by smoke inhalation.

Services for Miss Tortello were held Monday morning at Walters and McCormick Fullerton Mortuary. She had been an executive secretary at Beckman Instruments in Fullerton for the past 16 years.

The condominium in which she lived was one of four units in one structure. Her unit severely damaged, apparently was the only one to be affected.

It took 32 men 45 minutes to control the fire which caused an estimated \$35,000 loss to structure

and contents. Smoking was thought to be the cause of the blaze according to statements by Capt. Bruce Turbeville, the county's information officer.

Two Others Die

Two other Placentians, a mother and daughter, losing their lives to fire, perished in the Balboa Peninsula fire which also claimed Dr. Donald Michalsky, his wife and two young sons.

Placentia resident, Mrs. Lillian A. Sabeh, who lived on Bradford Avenue and her eight year old daughter Elizabeth were visiting with the Michalsky family over the holidays. Flames struck the frame structure waterfront home, claiming the lives of all inside.

Mrs. Sabeh "was the voice of the music department" at California State University at Fullerton, where she answered phones and had been the information secretary for nine years. Dr. Michalsky, a talented composer, was on sabbatical leave working on an opera, and had been a professor of music at Cal State Fullerton since 1960.

The school's music department said this week that a special commemorative program is being planned at the school in honor of the two families early in February, probably February 8. "This was a severe loss to this department," a spokesman said this week. "All of them will be sorely missed."

Graveside services for Mrs. Sabeh and her daughter Elizabeth will be held Saturday, January 10 at 11:30 a.m. at the Goleta Cemetery in Goleta, California. Three grown children survive her.

The early New Year's morning blaze was thought to have started from the embers of a dying fire in the fireplace.

Light Explodes

A local fire that started when a light on a Christmas tree exploded New Year's Eve, caused \$60,000 in damages to a tri-level home at 626 Neno Avenue.

Mrs. Charles Schoenberg in her home at the time, saw the light explode and the tree go up in seconds like a torch. Two engines, an aerial truck and paramedics, a total of 26 men fought that blaze, bringing it under control. Damage to the building was \$40,000 and \$20,000 to contents. The fire broke out at 5:30 in the evening, New

Valencia Athletic Sets Games, Banquet

The Valencia Youth Athletic Association, a new effort this year for youngsters who otherwise would not be engaged in any sports program, will hold its All Star football games Saturday, January 10 at the Bradford Field Stadium. Game times are 10:30 a.m. and 12:30 p.m.

The group also will have its first annual awards banquet at 5 p.m. Saturday in the Backs Community Building with trophies and certificates to be awarded among the players, Mrs. Gloria Lopez, president of the association's board reports.

The group in its first year of existence has surmounted unforeseen problems in putting together a football program to

attract young men who might otherwise not be offered a chance to play football or enter into any organized sport.

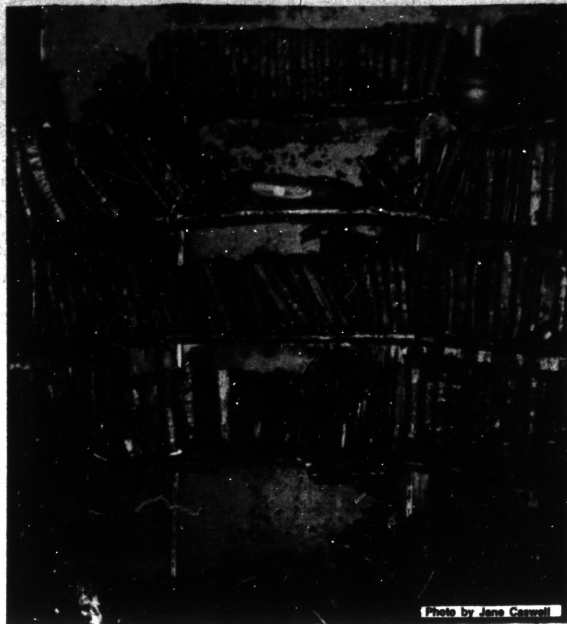

The effort is being financed by revenue sharing funds through an award of the Orange County Supervisors, which has supplied the teams with uniforms and equipment.

First year efforts have reached 150 youngsters on seven teams with cheerleaders in costume and enthusiastic parental participation. Volunteer coaches have kept the effort rolling.

Mrs. Lopez said this week that the group anticipates an even stronger participation next year and is attempting to prepare now for the next season.

THE DEVASTATION—of the fire on Nenne Avenue shows in these pictures as members of the 26 firemen who battled the blaze inspect carefully for more sources of fire. In the picture on the left is Captain Lonnie Baldridge, formerly of the Placentia Fire Department and on the right Firefighter James R. Perkins. The fire started when a Christmas tree light exploded.

Crisis Fire Season

(Continued From Page 1)

Year's eve. No one was injured. The Ira E. Achey family was brought back abruptly from their Tacoma, Washington holiday vacation when their home at 512 Vicky Lane, Placentia caught on fire.

It is thought that the furnace malfunctioned sending a blaze immediately to the attic where two of Orange County's five aerial trucks (one stationed in Placentia) were called in to conquer the extremely hot flames.

The fire erupted about 5:30 in the evening of January 2 and beside the two aerial trucks, required 30 men on three trucks, and the rescue squad to bring it under control.

It burned fiercely for close to an hour, Capt. Turbeville reports and caused \$50,000 in damages.

The fire department cautioned Placentia residents to show extreme care during the excessively dry season during which the city has had less than an inch of rain.

The California Department of Water Resources also pointed out the serious situation this week listing Los Angeles precipitation as only 6 per cent of normal.

"Continued dry weather would create problems in water management," the statement continued, "but no crisis would result from a single dry year."

The cause of the subnormal precipitation is a high pressure ridge which has pushed the winter storm track north of its usual path, the water resources department explained.

FATAL FIRE—One person died as a result of the fire in this condominium, thought to have been started by a cigarette. The three other units in the building appeared to be undisturbed but this unit was badly gutted inside.

ON VACATION—the owners of this home on Vicky Lane were called home when their furnace malfunctioned and set the attic afire. Two of the large aerial trucks were used to fight the hot blaze. Holiday decorated tree in front matches others on the block.

Golf Course In Progress

A look at an expanded golf course, that would meander through properties on both sides of Alta Vista Street, leaving room for green area homes, was shown to the Placentia City Council at an adjourned meeting Tuesday night.

Gil Kraemer, spokesman for one group of the property owner, pointed out the panorama for the extended course. Also in attendance was Kraemer's brother, Danny Kraemer.

Among problems still remaining is the position of several acres of city-owned land, which put the proposed golf course at its terminus and are expected to be used as a city corporation yard. The prime acreage was a gift to the city by Mr. and Mrs. Edward Backs.

Kraemer suggested that the city might want to change the location of the yard, exchanging the same amount of acreage for a different more convenient location.

A proposal for the relocation was expected to be presented before city

council at its regularly scheduled meeting Tuesday night.

housing is needed.

8. Shopping Areas: Used to determine if sales tax revenue is being lost by the city and the need for various types of commerce. Helpful in planning programs to attract new businesses to the city.

9. Income: Determines income level of city; which is the basis for distributing money under certain federal programs. Useful in formulating social programs. NEVER used for tax purposes.

Enumerators Still Needed

Mrs. Rosenthal said further that additional personnel is needed to complete the census on schedule. The jobs pay \$2.35 an hour and require a six hour day anytime between 8 a.m. and 10 p.m.

Anyone interested, who has not yet filed an application, can report directly to the testing and fill out an application at that time, Mrs. Rosenthal explained.

Testing will take place on Thursday, January 8 from 8:30 a.m. to 10 a.m. in the Meeting Room of the Placentia Library.

Concerning the confidentiality of the Placentia Census, Mrs. Rosenthal added: "In recent years the development of data processing technology has given rise to an increasing concern for privacy, which in turn has posed a serious dilemma for public administration."

"On the one hand, the right of privacy is an important value in a democratic society, on the other hand, needs of the people cannot be met without information about the population and its composition."

Information Needed

To further explain the need for the census information, Mrs. Rosenthal supplied the following information.

1. Need for Data: Statistics tell whether we are going forward or backwards or standing still. The need for current and accurate data is not only apparent to planners, statisticians and social scientists, but is continually needed by public officials at the local, state and federal level. Where growth is rapid, information is needed to plan for that growth. A wide range of data is important for economic analysis, land use planning, determining community problems, planning schools and projecting future pupil populations.

2. Statement on Confidentiality: (A) No data shall be published which in any way would permit the release of information about an individual respondent or household. (B) No completed response card or form identified by name or address may be seen by anyone but duly appointed census personnel. (C) Individual information may not be used for taxation, regulation or investigation.

3. Safeguards for Protecting Individual Data in the Field: (A) Enumerators are instructed on the confidentiality of information collected by them in the field. Instructions covered in Enumerators Manual, Chapter 1, Page 1, requires that all information be held in strict confidence and that it may be used only for statistical purposes. (B) Names and addresses are used only for control purposes while the enumeration is in progress and are destroyed once the field work has been completed.

(C) Local officials are denied access to data cards or forms containing individual or household information. (D) Cards are boxed, labeled and taped by census personnel for shipment to the computer center. These cards are insured by the city during time of shipment.

4. Safeguards for Protecting Individual Data at the Computer Center: (A) Cards received at computer center are held in a secured area until they are scheduled to be read to tape. (B) Cards are returned to secured area and held until results have been checked by the Census Coordinator. (C) When the results of the census have been checked, instructions are sent to the computer center by the Census Coordinator to destroy the original cards with names and addresses. (D) All tapes used in the process of compiling the printouts are erased when printout is shipped.

5. Safeguards for Protecting Individual Data when Compiling or Summarizing Reports: (A) Area data with four or fewer housing units are suppressed on the printout. (B) If tapes are purchased by local government, city blocks with four or fewer housing units are suppressed, so that there is no way that individual information might be deduced, Mrs. Rosenthal explained.

(B) If tapes are purchased by local government, city blocks with four or fewer housing units are suppressed, so that there is no way that individual information might be deduced, Mrs. Rosenthal explained.

School Site Purchase Starts

A first step toward the purchase of a 9.23 acre elementary school site in the city of Anaheim was taken at the last meeting of the Board of Trustees of the Placentia Unified School District.

The land, a section of Kraemer properties, is located on Woodsboro Avenue and La Palma Avenue. Purchase price set for the raw land acreage is \$228,500.

Trustees instructed staff to enter escrow in a unanimous vote with Vice President of the board, Salvador Zavala absent.

The new school is planned to provide classroom space for grades kindergarten through sixth.

Letters To The Editor

In Support Of The Council

The Editor,
Placentia Courier.
Dear Mrs. Mead,

I would like to go on record as supporting your editorial comment "A Closer Look", published in the paper's December 31st edition.

In exhuming the issue of the City's purchase of acreage adjacent to the Civic Center, politically ambitious individuals are deliberately undermining the community's confidence in elected officials. Certainly the City Council is not infallible, but while constructive

criticism may be a valuable, even necessary factor in containing local government, the issue of this particular property purchase should be reviewed in its proper perspective.

In the first place, the transaction was not entered into lightly. Property values were authoritatively appraised and confirmed as fair before any agreement was reached. Secondly, it has been suggested that the Council's hearings regarding the projected purchase were deliberately closed. In fact, public notices were posted in the legal classified sections of local newspapers. That the extent and nature of that advertising might have been suitably increased is indisputable, but that is not the issue here.

Some concern has been expressed over a zoning change afforded the property in question. Prior to the City's purchase of the five acres, the owners exercised their legal prerogative in initiating a zoning change which involved several jointly owned parcels in the vicinity. This was no doubt designed to enhance the saleable value of the land surrounding the Civic Center and adjacent property. Distasteful as this may seem to some, it should be understood that it is common practice among property owners, and it would be unrealistic for local residents to expect Founders K (and their subsidiaries) to assume the status of a benevolent society. Theirs is a business venture.

During all of the recent exchanges regarding the Civic Center and adjacent City owned acreage, I find it puzzling that no one has yet commented upon the fact that the land upon which the Center stands, was originally donated by Edward and Angeline Backs. Possibly this has been considered irrelevant, but I feel that the generosity of the late Mr. Backs and Mrs. Backs, should not be disregarded when considering the purchase as a whole.

It is my opinion that in purchasing the property, the City Council was acting in the best interests of the entire community and in protecting the Civic Center's boundaries for future development. Along with many other concerned residents, I am anxious to know precisely what type of development is projected for the land, and when we may expect to see results.

Admittedly, my limited experiences with our City Council have scarcely been sufficient for me to have formed strong individual judgements, let alone the type of sweeping, collective opinion which has apparently disenchanted those whose comments are being so liberally distributed. My only reaction to these comments is that I will remain skeptical until evidence of misconduct is publicly substantiated. Those individuals whose integrity is being questioned, should be afforded the opportunity to legally defend themselves.

As an alien, I have nothing to gain by airing my point of view. As an alien, I do not have the privilege of a vote. But as a citizen, I would strongly resist the political overtures of anyone who gains notoriety at the expense of others.

Yours sincerely,
Daphne Erikson

It is herewith printed by permission of the author editor Lloyd Shearer, Parade Magazine and The Santa Ana Register, in which it appeared:

RESOLUTIONS

No one will ever get out of this world alive.

Resolve therefore to maintain a sense of values.

Take care of yourself. Good health is everyone's major source of wealth. Without it, happiness is almost impossible.

Resolve to be cheerful and helpful. People will repay you in kind.

Avoid angry, abrasive persons. They are generally vengeful.

Avoid Zealots. They are generally humorless.

Resolve to listen more and to talk less. No one ever learns anything by talking.

Be chary of giving advice. Wise men don't need it and fools won't heed it.

Resolve to be tender with the young, compassionate with the aged, sympathetic with the striving and tolerant of the weak and the wrong. Sometime in life you will have been all of these.

Do not equate money with success. There are many successful money-makers who are miserable failures as human beings. What counts most about success is how a man achieves it.

Public Meetings Scheduled For Health Input

Four public meetings, including one to be held in Placentia, will convene at 7:30 p.m. Wednesday, January 7, for further consolidation of public input to the Orange County Health Planning Council.

The Placentia meeting will be held in the City Council Chambers, City Hall.

The public sessions are the final input before the Health Planning Council holds a public board meeting on Tuesday, January 13.

At that time, the Council's formal draft will be prepared for application as the designated Health Systems Agency for Orange County under the National Health Planning Resources Development Act of 1974.

Five meetings, including one in Fullerton, have already been held to gather information.

The Assembly of the Council lists 128 members, including representatives from the city of Placentia, Marvin Reid and Yorba Linda, Gene Alley.

Also on the board of Directors of the Orange County Health Planning Council is Gilliat S. Burnham, executive vice president and administrator of the Placentia-Linda Community Hospital, Placentia. Burnham is the appointed representative to the board by the Hospital Council of Southern California.

Burnham's activities with the Health Planning Council include membership on its facilities review committee, public issues committee and finance committee.

A tentative list of Orange County's top ten health system problems, issued by the Council, and open for discussion at the meetings, includes:

1. The high cost of health care, especially inpatient care.
2. An oversupply of hospitals and nursing homes.
3. The explosion of high cost specialty services and an oversupply of medical specialists.
4. Inadequate emphasis on prevention.
5. A lack of coordinated planning and program development among provider institutions.
6. Contradictory, counterproductive public policies on licensing, reimbursement, planning and review.
7. A lack of consistent, complete health service and cost data.
8. The absence of incentives for program economics, consolidation and cost containment.
9. A lack of quality assurance mechanisms.
10. A lack of public awareness about local health system issues and the possibilities for change.

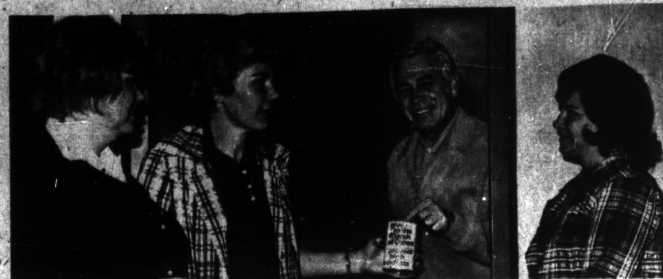

The Orange County Health Planning Council has been operating as the state and federally chartered

Volunteers Needed

In order to initiate a new program for senior citizens in Placentia, the Office of Social Services is in need of several volunteers to conduct a special survey of the needs of the elderly in this area.

The purpose of the survey is threefold: (1) To identify those senior citizens who would most benefit from the new nutrition and supportive services program which is scheduled to begin in mid-January; (2) To identify those people who are eligible for Supplemental Security Income (SSI) and (3) To ascertain the needs of the elderly in the areas of health, transportation, employment, nutrition and education.

Anyone wishing to volunteer for the Senior Citizen Nutrition Program or wishing additional information about this new program should contact Darcie Gore at the Social Services Office, 993-8178 or 996-4830.

A MOTHER'S MARCH—as part of the local campaign to raise funds for the March of Dimes, will be launched in Placentia at 9:30 a.m., Thursday, January 8. The effort is being sponsored by the city's Junior Round Table. Mrs. Bonnie Steele, second from the left, is Mother's March Area Chairman. On the left is Mrs. Lynn McClard, who with a third Junior Round Table member, Myra Frank (far right), begin their collections this week with Edwin Powell, Placentia City Administrator and March of Dimes chairman for the city.

In and Around Yorba Linda

We visited Lake Park during the Christmas holidays and it really was like a Christmas fairyland. Everyone there decorates their homes and as you enter the park the scene is reflected in the water. A really beautiful sight!

Rancho Realty's new location right down on Main Street is really very nice. According to owner Bev Ross it is great being downtown in the middle of everything. The offices are really quite lovely.

Yorba Linda's Recreation program will get off to a good start at the first of the year. Signups for many varied activities will be available at City Hall. Among the programs is Bowling open to 5th, 6th, 7th and 8th grades held at Highland Bowl. Cost is \$17 for nine weeks. Those that participated last season had a great time.

The Yorba Linda Library was decorated most festively for the holidays and was the scene of much action, in both the adult sections and the children's area. Did you know that you can request almost all the

best sellers that come out? You may have to wait a few weeks, but our local library certainly maintains up to the minute selections.

Bonnie and Don Corrigan celebrated a traditional Christmas this year...but were impatient for the 25th, so their family exchanged small gifts for about a week before Christmas to get into the spirit.

A new junior woman's club is now being formed in the Anaheim Hills area. Canyon Hills Junior Woman's Club will hold an organizational meeting on January 12th, Monday. The club is open to women age 18 through 35 interested in friendship and service to their community. For more information please call Judy Dougal at 998-4395.

Fullerton College Artist Lecture Series program for Friday, January 16th will be Walt Whitman's "Annals." Admission is \$3.50 for adults and \$2 for students.

Happy New Year to my friends in Yorba Linda and Placentia. I hope the New Year will bring all of you peace, happiness and much good health.

Powell To Testfy

The Placentia City Council Tuesday night, granted permission to City Administrator Edwin T. Powell to testify in the city of East Lansing, Michigan, concerning their negotiations and binding impasse arbitration with the city's Firemen's Union.

The request for Powell to appear was made by attorneys representing the Michigan city.

Among the issues in the negotiations is East Lansing's request for a 40 hour

week for its firemen.

The hearings are scheduled for January 13 through 15 and Powell's expenses will be paid by East Lansing.

Powell, whose home town is South Bend, Indiana, will use some of his vacation time to visit his home town, near to the Michigan city and to see his father, who still lives there. Mrs. Henrietta Powell, at the Powells' expense, will fly back to South Bend to spend the week end there.

Gardeners Plan Salad Luncheon

The Garden Section of the Placentia Round Table will meet at the home of Mrs. Helen Chrismore at 116 Anned Drive, Placentia.

The meeting will be held on Wednesday, January 14, at a salad luncheon. The program will be provided by Tony Morales, owner of the Placentia Florist.

Hostess committee for the event includes Gladys Griffen and Bea Smith.

Senior Citizens

BY MURIEL SUTTON

What a wonderful and progressive year this has been for we Senior Citizens of Yorba Linda. So much joy and happiness and good fellowship at our meetings each month and what very good food.

The Arts and Crafts will be meeting every Monday at the Women's Club from 1 to 4 p.m. and also our Fun Nights will continue. So many of our seniors have

expressed their thanks for these activities.

Our Board of Directors will be the same this coming year under the presidency of Whit Cromwell and we are pleased to report that we now have a secretary, Gladys Osborne, who has kindly consented to fill this vacancy.

We are grateful for our Board for having made it possible for all the past successful events we have enjoyed. Our membership is still growing rapidly nearing the 250 mark and we are looking forward to reaching 300 in the near future.

What a wealth of heritage we have in some of our members who have lived in Yorba Linda for so long, half a century some of them. They are of sturdy pioneer stock who came and carved out their groves from virgin land and what a beautiful place it used to be with the lovely groves of oranges and avocados.

Well, we have our memories.

Our next General Meeting and Potluck will be January 13 at 12:30 p.m. at the United Methodist Church when we will have the great pleasure of hearing the Madrigal Singers from Troy High School under the direction of Mr. Young. If you have not heard these young people you certainly have a treat in store.

Street

Forest

Thrives

Placentia's forest in the middle of the street is thriving!

In a recent report to the Placentia City Council, Dick Samp, Director of Recreation and Maintenance Services for the city, gave an up-date on the city's median strips.

The tube underground watering system, although causing some problems in turf growth, is responsible for the spectacular growth in the trees, Samp reported...by far the most impressive in the city's history.

Any problems that have developed have been from the adobe soil prevalent in some of the medians. In some cases the underground watering system does not penetrate, making it necessary to water above ground, Samp stated.

"The soakers just aren't working with certain types of soil," Samp explained to councilmen.

"Pot" smokers are fond of saying that marijuana is harmless, non-addicting and has no ill effects on the user. However, as new evidence accumulates, based on carefully documented research, some alarming facts are being discovered.

In recent studies, adult users often quit their work, deserted their families and became indolent after daily use of pot. "Weekend users" after three or four, years become daily users in one-half of all cases. After three years of heavy daily use, brain atrophy is common, evidenced by loss of ability to concentrate, low level of motivation and an inclination to perform foolish acts.

It's really foolish to try to find a better prescription service than ours...there just isn't any!

DECORATED TREE--was presented to Russ Rougeau, left rear, by Cubmaster Jerry Brower, at podium, and members of Pack 742. Tree was donated to Albert Sitton Children's Guild.

Pack 742 Shares Yule

Pack 742 Cub Scouts were visited by Santa Ed Shandrew at their annual Christmas program at Glenknoll December 18.

Each den helped decorate the tree with handmade ornaments. The tree and boxes of gifts were then presented to Mr. Rougeau who delivered them to the Albert Sitton Children's Guild.

Michael Tillery was initiated into the Pack as a Bobcat. Matt Merkle received his Wolf badge, a gold and a silver arrow. Andy Smith and Marc Dillon received silver arrows.

Webelos receiving awards were: Doug Brower - Engineer, Traveler; Ricky Rodriguez - Engineer,

The next Pack meeting will be held at Glenknoll School on January 29 at 7:30 pm.

Tel-Law Program Initiated in OC

Tel-Law, a library of 51 pre-recorded tapes on general legal subjects is now in operation in Orange County as a free public information service, announced Don W. Martens, president of the Orange County Bar Association.

The tape library is sponsored through the joint efforts of the bar association and the Legal Aid Society of Orange County under a grant from Newport Equity Funds, a Newport Beach-based mortgage brokerage firm.

By calling (714) 834-1760, Orange County residents can request information on a wide range of legal topics; from matters of criminal and civil law to estate planning, business law, adoptions, homeowners' and renters' rights and dissolution actions.

Prepared by teams of lawyers, professionally written and recorded, the Tel-Law tapes run three to five minutes.

The phone number is connected to a 24-hour-a-day answering service which operates special multi-channel broadcast equipment under contract with Tel-Tape Systems of Newport Beach.

When a caller requests a specific tape, either by number or subject matter, a trained operator selects the proper cassette, inserts it in the playback equipment and, when finished, automatically disconnects the call.

A running tally of requests for each tape will be kept to determine which subjects are of greatest public interest and concern, according to Karen Martin, director of Tel-Tape Systems.

The Tel-Law library can be amended, updated and expanded as conditions warrant. "While not a substitute for an attorney, the new Tel-Law service will help resolve many doubts and misconceptions about the law, the court system and the legal profession," said Martens.

FARM HOMES

The Placentia Planning Commission adopted an amendment to allow a second residential structure on properties in a residential Agricultural zone north of Imperial Highway and west of Rose Drive. The city council, however, vetoed the provision at a later session.

Placentia Has Its Own Orange Grove

Spending \$2,000 in order to make \$4,800 was approved recently by the Placentia City Council, as its first step into the orange growing business.

The \$2,000 will be used to care for the five acres of orange groves the city council purchased recently on acreage just north of the Civic Center.

The product from the groves is expected to gross \$4,800 on the market. The oranges are Valencia, for which the Placentia area was at one time known throughout the world.

The \$2,000 will be spent for spraying and watering the grove with the K Ranch in charge of the watering. The grove is expected to return a profit of at least \$2,800 in the current year.

Apartment Court Case Continued

A plea to Superior Court by the Fredricks Development Corporation of Anaheim, to demand that the city of Placentia issue a building permit for a high density apartment development, has been continued until January 16.

The original action was to have been heard in December.

The development in question was planned for an area north of Imperial Highway and west of Rose Drive in a formerly R-3 PUD zone. The zoning has since been changed by city council action to RA, residential-agricultural.

If the courts do not issue an order to the city of Placentia to permit the high density development, the company has indicated that it might seek out of pocket damages, on planning done on the project, estimated at half a million dollars.

Lt. Pichon To Address Women's Club

The first meeting of the year for West Winds Charter Chapter of the American Business Women's Association will be held at the Silver Fox Restaurant, State College and Ball Avenue in Anaheim, on January 15th, beginning at 6:30 p.m.

Members and guests will hear Lt. Walter J. Pichon, Placentia Police Department discussing the problems confronting local communities concerning burglary of residential homes and the numerous ways in which organizations, both civic and private, can become involved in fighting against this criminal activity.

Vocational speaker of the month is Mary Jane Hemmen, Secretary to the Principal of Evans School, Garden Grove School District.

Members are automatically reserved and will be billed unless cancellation is received prior to Tuesday, January 13. Contact Betty Miller, 523-2853 or 523-3550.

Novice Dog Class Set

Enrollment is now being taken for the novice obedience course co-sponsored by the Yorba Linda Recreation Department and Hacienda Hills Dog Obedience Club.

The 11 week course includes the proper and correct heel, the automatic sit, the sit-stay, the down, the down-stay, the stand for inspection, the figure eight and the recall or come.

All dogs six months or older are welcome to join. All off leash work will be given as well as help with problems such as hole digging or chewing.

The fee for the complete course is \$20 for adults and \$12 for 15 and under. Classes will be from 7 to 8 p.m. every Thursday at the Bank of America parking lot at Main and Lemon in Yorba Linda beginning January 8.

The first class will be at Yorba Linda Junior High in Room 10 and is an orientation meeting without dogs. For additional information call the Recreation Department at 524-5026.

Council Eyes Storm Drain

An opportunity to receive Orange County assistance in financing a badly needed storm drain along Kraemer Boulevard between Chapman Avenue and Alta Vista Street, was accepted Tuesday night by the Placentia City Council.

The area affected has been the scene of troublesome mud slides around the Kraemer Boulevard-Chapman Avenue intersection and the parking lot area of

the new Civic Center.

The quarter of a million dollar project would provide drainage for 500 acres. Currently the storm drain has received a Priority A rating from the county, making it possibly eligible for the 50 per cent funding.

Council members on a motion by Councilman Robert Langer and second by Councilman Jack Gomez, agreed to the city's \$125,000 share of the project and so stated that it should be included in the budget.

Whether the county funding for the additional monies, will be approved will not be known until a later date, Placentia Acting Director of Community Development, Ben Minamide, stated.

College Sets Concert

"Symphonie Jazz Suite" will be spotlighted Thursday, January 15, when the Fullerton College Concert Band presents its "Band With The Blues" concert in the Campus Theatre.

Director Terrence J. Blackley, who will conduct the Frank Benciscutto work during the 8 p.m. public concert, said the three-movement suite not only features the concert band, but also a jazz quintet as the solo group.

Sharing the spotlight for "Symphonie Jazz Suite" will be Gary Leacock, Placentia, electric bass.

Other highlights will be John Philip Sousa's "The Black Horse Troop March;" "Suite Francaise," composed for band by Darius Milhaud; and the Fullerton College Woodwind Quintet under the direction of Dr. Darwin Fredrickson. The quintet includes Brian Furlong, Yorba Linda, French horn.

Concert tickets, at \$1.50 for adults and \$1 for students, may be reserved by phoning the Campus Theatre Box Office at 871-8000, Ext. 77. They will also be on sale at the door 30 minutes before curtain time.

County Contract To Alcoholism Council

The Alcoholism Council of Orange County (ACOC) was awarded a contract from the Orange County Department of Mental Health Alcoholism and Drug Abuse Services to provide alcoholism occupational consultation to public and private agencies, businesses and industries in Orange County.

According to Betty Snider Thomas, executive director of ACOC, the broad objectives of the contract are to educate businesses and business leaders about the disease of alcoholism and about the tremendous benefits to be derived by employers and employees alike when company intervention programs are instituted.

"There are 675,000 people employed in Orange County and it is estimated that 60,000 to 80,000 of these persons have alcohol involvement to the point where it is detrimental to their job performance," she noted.

Under terms of the new \$11,000 contract, which is subject to renewal at the end of the fiscal year, June 30, ACOC's occupational alcohol program consultant will work with companies to educate supervisors to carry out a program of "nonjudgmental intervention."

Mrs. Thomas said fringe benefits of the programs are that over-all skills of

supervisors and managers goes up as a result of the monitoring, and employee morale is raised through the demonstration of employee concern.

Interested companies may obtain assistance or information by contacting council offices at 1913 E. 17th St., Suite 104, Santa Ana, or by calling 835-3830.

Under contract terms the council will also identify and ascertain the status and nature of existing occupational alcoholism programs in the county, prepare a listing of public and private businesses and industries employing 100 or more persons which do not have a written policy or a management and labor agreement for an alcohol program, and prepare a systematic plan for consultation to selected organizations.

Hawks Settle For Second In Basketball

by Brian Hilderbrand

Despite outstanding performances by Blake Withers and Rory Lovell in first and second round action, the El Dorado Golden Hawks had to settle for second place in the Tenth Annual Santiago Holiday Tournament.

The Hawks were edged out by the Westminster Lions in the finals by a 57-52 margin, with the game going into double overtime. El Dorado had no trouble getting past their first round opponent, Bolsa Grande. Led by Withers, 6'2" guard, who tallied 34 points, the Hawks were able to fend off a third period attack by the Matadors.

ED outscored Bolsa in the first period, 16-11, behind six points by Withers. The Hawks coasted into the half with a ten point margin, 36-26, as Withers pumped in 14 points of his own.

The Matadors pulled to within seven at the close of the third period, as Withers was held to only two points. Handsome Roundtree led Bolsa's scoring in the

period with nine.

Withers came back strong in the final period to score 12 points, and lead the Hawks to a 21 point final period burst, and a 70-59 win.

The Hawks were pitted against the Fountain Valley Barons in the semifinal bracket on Friday. The Barons were savoring a 66-49 victory over the Fighting Irish of Kennedy.

El Dorado increased their record to 7-3 on the season with the 67-49 win over Fountain Valley. This time Rory Lovell took over top scoring honors with 24 points. Withers had 21 to increase his two game tally to 55 points.

ED jumped off to a 20-8 lead at the end of the first period lead. Both Lovell and Withers had eight points in the initial quarter.

The Barons closed the lead at the close of the first half on eight points by Rich Valbuena, as FV outscored the Hawks, 14-9 in the second period, to close the lead to 29-22.

The tough Hawk press

went to work in the third period and held the Barons' offense to only five points. Lovell and Withers combined for twelve points and led the Hawks' 16 point third period.

Mike Zumbo and George Barrios led the scoring for Fountain Valley with 16 and 13, respectively.

With that win, El Dorado was to face Westminster in the finals. The Lions were coming off a 73-51 win over Tustin.

As El Dorado Coach, Nash Rivera noted after the game, Westminster turned out to be bigger than the Hawks thought.

Led by 6'5" center, Brian Rodgers, who compiled 25 points in the contest, the Lions managed to take the game into overtime.

Rodgers had 21 points going into the first overtime period, and led the Lions to victory in the second overtime period with three points.

El Dorado's Jim Boyd connected on a 20-footer with 25 seconds left in regular play to tie the score

at 48-all. At the buzzer, Blake Withers attempted a would-be winning shot, but missed, sending the game into the first of two overtime periods.

With 50 seconds left in the extra period, Withers hit on a shot to give the Hawks the go-ahead, 50-48.

Twenty-five seconds later, Tim Page of the Lions was fouled and attempted a one-and-one situation. Page made one of the shots and missed the other, closing the score to 50-49.

With only 11 seconds on the clock, Mike Sodders of Westminster drew a foul and attempted two charity shots. Sodders only made one to tie the score at 50-50, sending the game into yet another overtime period.

Rodgers hit on a 20-foot jump shot with only a minute gone to make it 52-50. Then Blake Withers hit on a jumper to tie it at 52-all.

Al Seguin hit on a shot only a few seconds later to give the Lions a 54-52 lead. Seguin drew a foul on the basket and made the foul

shot to gain a 55-52 lead. Rodgers drew another foul with less than a minute to play. He hit both shots to ice the victory at 57-52.

Rodgers led the scoring for Westminster with 25 points, Page added 14 in the victory.

High scorer for the Hawks was Blake Withers with 25, Rory Lovell had nine and Jim Babcock had eight points.

The Hawks were six from the free throw line, with Withers hitting all three of his shots.

Both Lovell and Withers were named to the All-Tournament team for their excellence in the three-day event.

The Hawks' next matches before league will be Bolsa Grande this Tuesday, and the Matadors will be looking for revenge in the rematch. The game will be played at El Dorado. The Hawks will then move on to play Santiago this Friday evening at 8 p.m. El Dorado

Aztecs Lose Pair

BY CRAIG WILSON

Adding two more losses to their record, the Esperanza Aztecs lost to both Laguna Beach and Garden Grove in last week's action.

The Aztecs, 1-10, traveled to Laguna and came close to pulling off their

second victory. Tied at half 24-24, Laguna proceeded to open the game up late in the third quarter as they burned the Aztecs on the fast break lay-ups.

Leading 42-34 at one point, the Artists became careless and the Aztecs closed to 52-50 with 26

seconds left. But, despite some key steals in the last moments, the Aztecs failed to score and Laguna held on for the victory. Rick Buchanan led the Aztecs with 22 points and Steve Mead added 12.

Against Garden Grove, Esperanza stayed close

until late in the fourth quarter. With the Argos capitalizing on clutch free throws, and the Aztecs constantly turning it over the final score settled at 48-43.

Dean Jakob of Garden Grove took game honors with 19 points and the Aztec's top scorer was Mead with 12.

Two Hawks On Star Team

by Brian Hilderbrand

Along with placing second in the Tenth Annual Santiago Holiday Tournament last Saturday, two El Dorado Golden Hawks have been named to the All Tournament team.

Blake Withers and Rory Lovell were named along with seven others for their excellence in the tournament. Withers had an 80 point series in the three game event, including a 34 point first round game.

Most Outstanding Player went to Westminster's Mike Sodders, 6'2" junior guard. Westminster edged past the Golden Hawks in the Championship Finals in double overtime, 57-52. The Lions also had two boys selected to the team: Tim Page and Brian Rodgers.

The All-Tournament team selected for the tournament is as follows: Callahan (Santiago), Page, Rodgers (Westminster), Chastain, Dean (Buena Park), Barrios (Fountain Valley), WITHERS, LOVELL (EL DORADO), Roundtree (Bolsa Grande). Outstanding Player--Sodders (Westminster).

FATIGUE is a factor in many traffic accidents. Don't drive yourself by driving when you're tired.

THE CHAMP - The referee holds up Robert Sancio's hand to signal his victory over Mike Thomason in age group wrestling. Sancio is a national champion in AAU age group wrestling. The eight year old attends school at Glenview and has an older brother wrestling for Esperanza. Thomason, who put up a good struggle, is a seven year old from Simi Valley.

Tigers Toss Tussle

In a pre-league tussle with the Cypress Centurion Cagers, Valencia's Tigers came off second best with a final score of 83 to 56.

It was the sixth win for the Centurions and the fifth loss for the Tigers after their two game breakthrough against Anaheim and Santiago.

Star Tiger player Paul Gilbert was off form and had foul trouble throughout the game. He was out early in the fourth quarter.

It was a home game for the Tigers who were scheduled to play Glenn at

Glenn Tuesday night and have another home game at 7 p.m. Tuesday, January 13 with Bell Garden.

That will be the final in the pre-league contests as the league play begins in earnest on Friday, January 16 with the Tigers meeting their cross town adversaries, the Golden Hawks in the El Dorado Gym. Game time for that confrontation is 7:30 p.m.

Valencia now stands at the 2-9 marker with the league season still ahead. Tiger coach is Gary Jones.

UP FOR THE REBOUND - Tiger Paul Gilbert goes up for the rebound in Friday night's nonleague game against Cypress. The rebound was rather rare as Cypress had good accuracy and backboard play was the Tiger's weak point. Defending for Cypress is Joe Murphy as Phil Fagan awaits further developments. Gilbert scored 11 points in the game.

CLASSIC BATTLE - Stevie Lawson tries to turn over his opponent in the 55 pound division of open age group wrestling Saturday at El Dorado Gym. The young national champion wrestler won his match a few moments later. He's moving to Placentia (Golden area) next week from Riverside and wrestles with the North Orange County Y. The wrestling tournament was sponsored by the California Age Group Wrestling Association.

WORKING ON THE TAKEDOWN - Robert Sancio [right] and Mike Thomason struggle to take each other down in their wrestling match, Saturday. The pair of 45 pounders had quite a battle trying to come out on top.

11 a.m. - Church School Classes for children age two through grade 2.

The '39ers Fellowship will meet on Friday, Jan. 9 at 7 p.m. in Fellowship Hall.

The Methodist Men's Breakfast will be held in the Fellowship Hall at 7:30 a.m. on Saturday, Jan. 10. The Rancheros will meet January 10 at 8 p.m. at the Emblidge home, 4411 Dortha, Yorba Linda.

The United Methodist Women will meet on January 8 from 10 a.m. to 1 p.m. with installation of officers, pledge service and circle scramble on the program.

The church will host a District Training Session for United Methodist Women from 9 a.m. to 12 noon on January 10. Officers of the church and other churches in the northern section of the Santa Ana District will be attending.

Hill Of Hope Makes Land Payment

Saint Joseph's Hill of Hope announced today that they had successfully made a \$125,000. land payment which was due, on the 440 acres they are purchasing in Carbon Canyon in Brea.

This payment was made with the help from people across the nation and abroad and from all walks of life, the group reports.

Lutherans Set Annual Meeting

The annual meeting of the congregation of the Redeemer Lutheran Church is planned for Sunday, January 25 at 6:30 p.m. at the church, 451 West Madison Avenue.

All members of the congregation are invited to attend.

Copies of the church's annual report will be available for review Sunday, January 18, the announcement states.

Redeemer Lutheran Growing

The congregation of Redeemer Lutheran Church in Placentia, will be 14 years old on January 7, 1976, the membership reports this week.

The church, which is located at 451 West Madison Avenue, on the day of its organization, had 185 baptized members with 106 confirmed. As of December 31, 1975, the church reports its congregation now numbers 496 baptized, with 355 confirmed.

Installation Scheduled

Rev. Paul E. Cooper, who will be installed as pastor of St. Stephen's Lutheran Church in Fullerton, was born and raised in Denver, Colorado.

He received his Bachelor of Science Degree from Regis College in Denver; his Master of Arts Degree from the University of Toronto and his Bachelor of Divinity Degree from Concordia Seminary, Springfield, Illinois.

The past six years Pastor Cooper has been ministering at St. Peter's Lutheran Church, Wymore, Nebraska and First Lutheran Church, Summerfield, Kansas. He has also served as Lutheran Chaplain at the Beatrice State Home, Beatrice, Nebraska the past four years. He has served on the Nebraska District Board of Evangelism the past two years.

Pastor Cooper and the former Darlene Benintendi have been married for 13 years. They have one son, Chris, 8 years and one daughter, Carmen, three years.

The installation of Rev. Cooper in the Fullerton

post, will take place at 3 p.m. on January 11. The service will be conducted by Rev. Robert Thelke of Messiah Lutheran Church, Buena Park.

The Fullerton church is located at 2311 East Chapman Avenue.

REV. PAUL E. COOPER

"Is detente the answer in our troubled world for the individual or our nation? Where do personal convictions fit in 1976?" With these probing questions, C.W. Perry, pastor of Rose Drive Friends Church, will challenge college age youth in a statewide conference.

Perry is slated as the principal speaker at an annual Snow Camp for careerists and collegians. He will lead the young adults this weekend, January 9-11, under the theme "God in Today's World."

A sizable number of college/career youth from Rose Drive Friends Church in Yorba Linda will accompany their pastor on the weekend event.

The gathering from Friends Churches throughout the state will convene at Camp Cedar Crest near Running Springs. The rustic conference center is nestled in the San Bernardino Mountains north of Redlands.

For skiing buffs, a lift at nearby Green Valley provides a welcome opportunity

ity during the afternoons. In the pastor's absence from his home pulpit, Gary Madison, Yorba Linda resident and prominent teacher at Rose Drive Friends Church, will speak on January 11.

His message, "With All Thine Heart", will come from the Old Testament book of Deuteronomy. Adult classes in the church appreciate Madison's ability

ity to make the Old Testament come alive.

C.W. Perry founded the Rose Drive Church in 1962. Under his leadership the congregation has grown from a handful to over 600 worshippers. His ability to inspire people with God's direction for their lives make him appreciated at home and in growing demand as a conference speaker.

C.W. PERRY--pastor of Rose Drive Friends Church, points out the dates of the upcoming Snow Camp to Doug Clark, college student and junior high director at the church. Perry will lead the sessions at the statewide conference for collegians.

Program On Teenage Alcoholics

The problems of teenagers' use and abuse of alcohol will be explored through film and discussion on Thursday, January 15 at 7:30 p.m. at Brea Hospital Neuropsychiatric Center, 875 N. Brea Blvd., Brea.

The 26 minute color film "Boozers and Users" looks at the motives and the risks involved when an adolescent tries to solve his problems and escape reality through use of alcohol and other drugs.

Hank Clark, director of the Alcoholism Rehabilitation Program at Brea Hospital will lead a discussion session following the film.

The film program is free and open to the public. For information or reservations, please contact Mary Ellen Bloss at Brea Hospital Neuropsychiatric Center, (714) 529-4963.

Hot Stove League Dinner

A couple of Yorba Linda residents with solid baseball backgrounds will represent their teams at the Orange County Hotstove League's fourth annual banquet and awards dinner.

Tommy John will appear on behalf of the Dodgers and Bobby Knoop for the Angels. The event will be held Wednesday, January 28 at the Saddleback Inn, Santa Ana.

The dinner at 8 p.m. is priced at \$12.50 a person. Tickets are available at the Inn or the athletic ticket office at Cal State Fullerton.

Randy Jones of the San Diego Padres will be among the featured speakers along with Angel pitcher Frank Tanana, Montreal's Gary Carter, American League MVP and Rookie of the Year Fred Lynn and his teammate from the Red Sox, Rick Burleson.

John is hoping to come back with the Dodgers after sitting out half of the 1974 and all of the 1975 season. Knoop made his debut in

1975 as a manager with the Angel's Quad Cities farm team in the Midwest League and won the Southern Division championship.

Nominees for awards at the dinner will include Jim Christensen of Troy High who had a .416 batting average. He is being considered for the High School Player of the Year honors.

Other awards will be for College Player of the Year, Coach of the Year, Pro Rookie of the Year and Player of the Year. All nominees have an Orange County background.

FIRE HOUSE

The Placentia City Council at a recent meeting, approved the purchase of a modular trailer to be used for office and living quarters as an annex to Fire Station #35 on Bradford Avenue. Delivery of the trailer is expected in 30 to 45 days after the award.

Eucharistic Congress Set

The Catholic Travel Office of Washington, D.C. is arranging for West Coast pilgrimages to the International Eucharistic Congress to be held in Philadelphia, Pennsylvania August 1-8, 1976. Parish groups and individual pilgrims are already being processed for what appears to be one of the most well-attended of these Eucharistic celebrations.

"Hunger for God" will be the opening theme of the Congress. The solemn opening will be in the Cathedral at 12 noon. Throughout the world on August 1, Family Communion Day will be observed in connection with the opening of the 41st Congress.

Family Day, themed "Hunger for Food", will be held on Monday, August 2. It will be a day of fast and concern for the starving people of the world.

"Hunger for Freedom and Justice" will be the theme of Suffering People Day on Tuesday, August 3. The aged, infirm, lonely and persecuted people of the world will be remembered.

Wednesday, August 4, will be themed Clergy and Religious day, "Hunger for Love", a day of prayer for religious vocations and commitment. Masses for

vocations will be offered in every U.S. Church.

Pilgrim People Day will be featured on Thursday, August 5, themed "Hunger for Truth". It will be a day of ecumenical fellowship in searching and sharing.

Youth Day, "Hunger for Understanding", will be featured on Friday, August 6. Special Masses for young people will be offered in Philadelphia and in every U.S. Church. The day will be one of prayer for a faith commitment by today's youth.

The closing day of the Congress, Sunday, August 8, will center on the theme of "Hunger for Jesus, the Bread of Life". It will be a day of thanksgiving for the Eucharist and there will be a Procession and Station

Orbis in late afternoon at Philadelphia.

All reservations should be addressed to John G. Hodgson, K.H.S., President, Catholic Travel Office, O.F.C. Building, 1730 Rhode Island Avenue, N.W., Washington, D.C. 20036.

GOOD TALKERS

Novice debaters at Valencia High School recently won the sweepstakes at a tournament at Buena Park High. Individual prize winners were Mike Hammond, Tim Tarr, Janet Roberts, Mike Grismer, Sue Binswanger and Pat Moynihan. Varsity debaters Randy Oliver and Pat Kelly won first and tenth places at a two-day tournament at USC, reports coach John DeNike.

ORDINANCE NO. 75-9-127

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PLACENTIA REVISING DRAINAGE ACRESAGE FEES FOR AREA "B"

WHEREAS, the Public Service and Facilities Element of the Placentia General Plan designates specific drainage districts within the City; and WHEREAS, Drainage Area "B" has been established as being all the south central portion of the City generally bounded by Angeline Drive, Palm Drive, Central Avenue and Crowther Avenue; and

WHEREAS, additional drainage facilities are required in Drainage Area "B";

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA DOES ORDAIN AS FOLLOWS:

SECTION 1: The City Council of the City of Placentia hereby finds that subdivision and development of property within the planned local drainage Area "B" will require construction of additional facilities described in Engineer's Report No. 75-143, dated November 24, 1975, and that the fees are fairly apportioned within the local drainage area either on the basis of benefits conferred on property proposed for subdivision or on the need for local drainage facilities created by the proposed subdivision and development of other property within the local drainage area.

SECTION 2: The aforesaid Engineer's Report sets forth an addition to the Master Drainage Plan for Area "B", which plan indicates a revised Storm Drain B-2-1 on Exhibit 1 attached thereto.

SECTION 3: Based upon actual or estimated costs, and prorating the costs of development of said drainage facilities, the City Council hereby finds that the drainage acresage fee for the entire Area "B" should be revised to \$1,880.00 per acre and the City Council does hereby adopt said per acre drainage fee.

SECTION 4: All fees required by this Ordinance shall be paid into the separate drainage acresage fee fund for Area "B".

SECTION 5: The City Administrator shall cause the drainage acresage fees established by this Ordinance to be reviewed annually, and make a recommendation to the City Council whether or not a revised fee should be adopted in any drainage area.

PASSED AND ADOPTED THIS 16th DAY OF December, 1975.

ROBERT B. LYONS

Mayor of the City of Placentia

Perceptual Program Outstanding--But More Help Is Needed

Photo by Gary Ambrose

BALANCE BEAM - Tracy Litt practices balance on a beam inches off the floor, but similar to the gymnastics beam in width. The children progress from just trying to walk its length without falling off, to balancing objects while walking it, to turning around, going sideways, looking at an object or person away from the beam, to a sequence of movements, all while maintaining balance. It's part of the perceptual training program at Sierra Vista Elementary School. More volunteers are needed to staff the program.

AAUW To Enjoy Lunch-Tour

The Placentia-Yorba Linda Branch of American Association of University Women will be visiting Lawry's California Center on Friday, February 6. The ladies will be given a guided tour of the company's laboratories, test kitchens and blending rooms.

The trip will conclude with a luncheon of Beef Stroganoff in the Verdugo Room.

Profits from the tour and luncheon will benefit the group's Fellowships Fund.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City Council of the City of Placentia will hold a public hearing in the Council Chambers of the Placentia City Hall, 401 E. Chapman Avenue, on Monday, January 19, 1976 at 7:30 P.M. to consider the following items:

CHAPMAN AVENUE WIDENING - PRECISE ALIGNMENT HEARING

Notice is hereby given that the Placentia City Council will hold a special Public Hearing on the alternatives to widen Chapman Avenue between Murray Street and Kraemer Boulevard. Among the matters to be heard will be the possible conversion of some public park lands to street purpose and the possible closing of Walnut Avenue, Main Street and Alta Street on the south side of Chapman Avenue to convert these streets into *de sac*.

ALL INTERESTED PERSONS are invited to attend this hearing and express opinions upon the items listed above.

Sierra Vista Elementary School's Perceptual Development Program is being thoroughly utilized and is already producing gratifying results, according to Principal Barbara Hadzoglou.

Students participating in the federally funded program are demonstrating steady progress, particularly in the areas of coordination. The program also includes a lab which provides training in the areas of auditory and visual skills.

Perhaps a little apprehensive at the inception of the program just three months ago, the students involved are enjoying their perceptual training sessions and realizing a renewed self image.

Educators have long been conscious of the correlation between motor development and academic achievement. While perceptual difficulties have no bearing upon academic potential, when not recognized and corrected early, such difficulties commonly foster frustration and discouragement in the learning process.

Sierra Vista's entire school community recognizes its good fortune in having been selected for the pilot program, and teachers, staff, and parents alike are anxious to see its success.

PTA Teacher Aide Coordinator, Ricki Moore, reports that while parent volunteers working with the children are achieving satisfying results, the school community alone cannot produce sufficient volunteers to maintain the desirable two-students/one-adult ratio.

Therefore, Sierra Vista is extending an open invitation to individuals and community service organizations who may be interested in learning more about this rewarding project. Volunteers are needed to work on a regular basis, and may donate as little as one hour per week or as many as are available. No experience is necessary, as training will be available as required.

Photo by Gary Ambrose

WHEN'S YOUR BIRTHDAY? Kimberly Ann East and Ronnie De Los Reyes look for interesting dates such as birthdays and when school starts, in an exercise to improve time perception in Sierra Vista's visual perception program. Hands belong to volunteer Marion Jordan who donates several hours a week to the program. The children work in pairs with one adult to each pair of students, allowing a highly individualized program.

All communications regarding the Perceptual Development Program at Sierra Vista School should be directed to Mrs. Barbara Hadzoglou, telephone 524-3291, the school advises.

Jane Hall, the Adaptive Physical Education instructor for the Placentia Unified School District, will demonstrate proper teaching technique of the gross motor skills (rolling, jumping, et cetera), Monday, January 12 at 9:30 a.m. in the Multi-Purpose Room at Sierra Vista Elementary School, 1811 North Placentia Avenue.

Anyone interested in the program is welcome to attend.

Seniors Plan Trips

Placentia's traveling seniors, members of the Placentia Senior Citizens Club, will be embarking on a number of tours in the next few months, their Tour Director Ione Aldrich reports.

On Tuesday, January 13, the excursion will be to Santa Barbara, leaving the Backs Community Building at 8 a.m. and returning at 7 p.m.

The cost of \$10 includes a visit to the Santa Barbara County Courthouse, observing the murals and a view of the city from the

Tower. Then a stop at the Mission.

Lunch will be at the Stage Coach Inn, which is over 100 years old. Next on the itinerary is the University of California at Santa Barbara and a stop at a winery on the way home if time permits.

In February, the trip is still a surprise, known only as Cloud 9 Mystery Tour. It will be an all day trip for \$7.

Upcoming tours include Hawaii in April or May; Ensenada, Mexico in February or March; Las Vegas and Bumble Berry Valley, Utah, dates to be announced.

University Women Hold Brunch

American Association of University Women, Placentia-Yorba Linda Branch will have a General Meeting and "Brunch", Saturday, January 10 at 10 a.m. at the Alta Vista Country Club, 777 Alts Vista St., Placentia.

Brunch will be served at 10:30 a.m., the cost is \$4.55

per person.

Following brunch Dr. Agathi Glezakos, Assistant Professor of Social Work at California State University, Long Beach, will speak about the role of the family in different cultures, comparing her own experiences in Greece with those of her daughter, here in California.

Commission Approves Alignment

"We really have little choice on alternate routes, because we are trying to get from Point A to B in curves," Ben Minamide, Acting Director of Community Development for the city of Placentia, explained recently to the city's planning commission.

The route under discussion involves the extension eastward to the Yorba Linda

boundaries, of Alta Vista Street.

Minamide explained that it was necessary in planning the extension of the major street, to avoid hitting producing oil wells and their appurtenances.

The commission approved the precise alignment with a mixed vote of one no vote and an abstention. The extension will run eastward

to a merger with Buena Vista and Rose Drive, over mainly an undeveloped section.

Local Artist Teaches

To highlight the Bicen-tennial year, the Muckenthaler Art School has announced that its winter workshops for young people, one taught by a Placentia sculptor, will focus on the application of arts and crafts techniques from American history.

The Art School, sponsored by the Muckenthaler Cultural Center, will begin classes the week of January 19.

Designed to provide students with as much individual instruction as possible, the Art School limits the size of its classes to 16 students. The enrollment fee averages \$15 for the workshops, which meet for eight sessions.

Registration dates are January 5 through January 19. Registration will be taken by mail, or persons may come to the business office between noon and 5 p.m. weekdays. The Center is located at 1201 West Malvern in Fullerton. More information may be obtained by telephoning 879-6860.

Among workshops being offered is one in ceramics, painting and drawing, and ballet. The ceramics class meets on Saturday from 1:30 p.m. to 2:30 p.m. for first through fourth graders, and on Saturday from 2:45 p.m. to 3:45 p.m. for fifth through eighth graders. Jess Dominguez, Placentia resident, is instructor.

Placentian Presents Certificates

The Orange County Chapter of the Sons of the American Revolution presented its Certificate of Excellence to Freedom High School Band of Bethlehem, Pennsylvania.

The presentation was made by Chapter President, T. Larned Eastmond III of Placentia and was accepted for the band by Gordon Mowrer, Mayor of Bethlehem, who accompanied them.

The 240 member band, dressed in Revolutionary War costumes, was a feature in the Tournament of Roses Parade.

Individual Certificates were provided each member of the band as a souvenir of their trip West.

MORE HONORS

Esperanza High School's band earned second and the Drill team third at the recent Christmas Parade at Camarillo. Mike Johnson directs the band; Nikki Johnson the drill team.

NEW ACTING DIRECTOR—of Community Planning for the city of Placentia is former City Engineer, Ben Minamide. Minamide, 42, who will have been associated with the city for two years in February, was previously employed by the city of Fountain Valley. He is a graduate in engineering from California State University, Los Angeles.

Condominiums Approved

After nine months of deliberation and opposition from the city of Yorba Linda, a development of four acres of condominiums on the Placentia-Yorba Linda border, has received approval from the Placentia City Council.

The development, which will contain 32 units on the four acres, is located on the south side of Mariposa Street, east of Highland Avenue.

The site has been the subject of repeated hearings and appeals and has been opposed by the city of Yorba Linda as unsuitable because of half acre homes in Yorba Linda which are in close proximity.

Phillip Paxton, Planning Director of Yorba Linda, also expressed concern for traffic conditions on the streets surrounding the approved condominiums. The area, Paxton pointed out, is the heart of Yorba

Linda's horse country.

The Placentia City Council voted approval after Councilman Robert Langer explained that the area under controversy was one which the city of Placentia had attempted to exchange to Yorba Linda in a general rounding off of boundaries.

"If they had gone along with our suggestions, we wouldn't be having this problem tonight," Councilman Langer stated. "This proposal would all be in the city of Yorba Linda. Your city council turned it down," he reminded Paxton.

Concerning heavy traffic going north to shopping, Councilman Langer said that Placentia will have a large shopping center at the corner of Orangefhorpe and Lakeview Avenue and another small one at Orchard.

"At this twelfth hour, if we were to try to change this

(condominiums), we would end up in a lawsuit which we would obviously lose and believe me in our city we have enough law suits. I don't want to get involved with another one. I'd be in favor of granting this use permit," Langer concluded.

Charles Hiller of Orange, architect of the development, represented the applicant Charles L. Hermansen of Westminster. The original proposal on the application had been for a 10 unit per acre plan, which was lessened to eight units when the Placentia Planning Commission failed to approve it.

Just wanted you to know that I did not make any New Years Resolutions. Every year I set down three or four, and usually can't get past the first week without breaking them. So I said nothing doing this year. I'm going to have to barge right in without them. However, I did not mean to jump in so ferociously that the whole place shook.

That little quake on January 1st really started the animals to howling and yowling. I've never witnessed such carrying on. "Snoopy" was the worst, but the two cats weren't much better.

"Rupert", the house cat, climbed into my lap and put his head down under my arm. Poor "Nutter", the outside cat, just about tore the back door off its hinges. For once, my children remained calm.

Our outside cat, "Nutter", is totally demoralized anyway. She has been at the farm for such a long time that a house is all wrong for her. I didn't realize what a climber she is until I saw her

swinging from the rafters in the garage.

Of course, the inside cat is no slouch. He takes a running start and runs lickety-split over to the Christmas tree, right up the trunk to the top. There he sits as the tree sways back and forth, darn near toppling over.

I put a stop to that by putting the tree out in the backyard. Naturally, he isn't interested in the tree now.

Funny thing about Christmas trees. They take about three days or more to decorate, and about 3 minutes to un-decorate. This was a good year, tho, because only one ornament was broken, and that's because of the cat.

Our collection of ornaments is fast becoming the unbreakable kind, made out of yarn or cloth. Several friends contribute to our collection with their hand-made ornaments.

One thing that has become apparent already in this new year, and that is, two weeks are a very short

JEA Unit Writeoff

Writing skills are being sharpened by two projects undertaken by the Journalism Education Association (JEA) in two events scheduled during the current academic year.

A Trainshop held at Canyon High School in October gave some 400 high school and junior high

school students special training in various phases of journalism including writing, editing, makeup and even planning tips for yearbook students.

Participants had a chance to meet with and receive pointers from professional journalists. The purpose was to complement the regular classroom education for beginning journalism students and also to emphasize basic fundamentals.

The Orange County JEA chapter will sponsor a writeoff competition for area students in February, 1979.
